#### NOT A SUCCESS

North Adams Baseball Bazar Just Cleared Expenses

The North Adams baseball association's baseball bazar was not the big success that was hoped for. The fair probably resulted in the payment of little more than bare expenses in spite of the weeks of hard effort on the part of the many members of the association who hoped by the receipts to be able to wipe out most of the outstanding debts.

Genest turned in \$376.05 in the auto contest and won out while John Campbell turned in \$362.11 and Jerry Siciliano cashed in \$149.26. The total amount derived from this contest was \$881.42.

Jerry Wall and James P. Martin, the committee in charge of the contest for the association when the contest was declared ended at 11:45 o'clock Saturday night went to the stage and on two tables and in the presence of the contestants and a few intimate friends and workers began the counting. A couple of hundred patrons of the fair stood on the floor and guessed on the probable result.

It was no small job to count the comparatively few bills and large coins and the hundreds of small pieces of change. Jerry Siciliano's returns were counted first and it was whispered that he was "out of it."

Then President Campbell's pile, to gain a part of which he had offered a gold watch and a bicycle to the girl and boy who turned in the most money to him, was counted and when Genest saw the result he flashed a signal to his friends that he had a right to wear his smile. He knew that he had within a few cents and he knew he had Campbell beat.

Immediately Mr. Wall announced the result Jerry Siciliano hurried to the stage and heartily congratulated the winner as did President Campbell.
